

City Council Report

Date: August 24, 2009
To: City Council
Through: Bryan Raines, Deputy City Manager
From: Edward Quedens, Business Services Director
Subject: Renewal of the Term Supply Contract for Landscape Sprinkler Parts & Supplies for the Materials and Supply Warehouse (Contract #2006130) "Citywide" contract

Purpose and Recommendation

Council is requested to approve the Renewal of the Term Supply Contract for Landscape Sprinkler Parts & Supplies as recommended. Contract pricing was evaluated by the Materials & Supply and Purchasing Divisions.

The Purchasing Division recommends authorizing renewal of the contract with Sprinkler World of AZ, Inc. at \$140,000.00, based on estimated annual purchases.

Background/Discussion

This contract will provide landscape sprinkler parts and supplies for the repair, modification and installation of irrigation systems that are located in landscaped areas owned or maintained by the City of Mesa. Parks, Recreation and Commercial Facilities and the Transportation Departments are the primary users of these parts and supplies. Approximately 90% of sprinkler parts will be picked up by City employees at the vendor's place of business. A small portion of the parts are delivered by the supplier and stored in the City's warehouse.

The current vendor has submitted a renewal quotation decreasing the overall pricing by 4.9%. Prices on PVC pipe were reduced by 33% while prices on items containing cast iron, brass and bronze increased by 6.1%; these price fluctuations are consistent throughout the market for these commodities. The overall pricing is market competitive and reflects the best value for the City.

Sprinkler World of AZ, Inc. has been supplying landscape sprinkler parts and supplies for the past three (3) years. This term supply contract is valid through July 31, 2011 at \$140,000.00 annually.

Alternatives

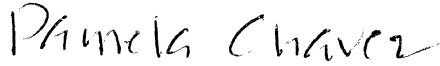

Council could choose not to award this supply contract and new bids would be obtained.

Fiscal Impact

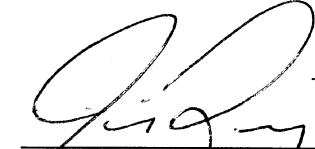

The total amount of \$140,000.00 is available in Materials & Supply Division's budget.
