*Designates precincts split between City Council Districts.

Because of limitations in Maricopa County's current tabulation system, the County could not identify the precinct votes for Question 1 (by District) in these split precincts. Therefore, the votes for Question 1, noted in the split precincts in this summary report, were determined by calculating the percentage of the District ballots cast against the total ballots cast. That percentage was then applied to the votes for Question 1 to determine the number votes (Yes and No) to be attributed to each precinct.
