

Flood Control District Requirements:

Projects located in a Flood Plain are required to obtain Flood Plain Authorization from Maricopa County Flood Control District before the project can be accepted for plan review. To determine if a parcel is in a Flood Plain visit <https://www.maricopa.gov/3847/Flood-Control-District>. Projects determined to be in the within the flood plain, must provide a Flood Plain Authorization/Permit with the Flood Control District. This can be done online here: <https://www.maricopa.gov/3836/Floodplain-Use-Permit>. Once approval is received from the Flood Control District, the approval letter must be uploaded into the record and labeled as Maricopa County Flood Control District Permit.

Projects will not be considered complete and routed for review if these documents are not provided. Plan review turnaround times will not begin until a complete submittal is made.
