

Flexible Spending Arrangements (FSAs) help you save money on health and dependent care out of pocket expenses. FSAs will have the whole family cheering!

## Taxes 101

The federal and many state governments take about 30% of each dollar you earn in FICA and federal or state income taxes, and you take home the remaining 70% to use for your living expenses. When you use an FSA, you set aside money out of your paycheck before it is taxed, so you can spend the entire 100% of that earned income that is set aside in your FSA accounts on your eligible health and dependent care expenses.

### How does it work?

- During your open enrollment estimate your expenses for the plan year and enroll in the FSA plan for health and/or dependent care expenses.
- Your annual election amounts will be evenly deducted pre-tax from your paycheck throughout the plan year.
- You cannot change your annual election amounts after the plan start unless you have a qualified change in status. For example, birth, death, marriage or divorce.
- Check out your Navigate My Benefits and Pre-Tax Solutions pages for more details on how your plan works.

## Health Care FSA

The Health Care FSA (HCFSA) allows you to pay for out-of-pocket medical expenses with tax-free dollars. Think of the HCFSA as a tool to pay for all your regular medical expenses throughout the plan year.

- Expenses for you, your spouse and taxdependents are eligible for reimbursement, regardless of if they are covered on your medical plan.
- The Health Care FSA is a pre-funded benefit. This means you have access to your full annual election amount at any time during the plan year.
- Estimating future expenses is an important step as you prepare to enroll in an FSA. The more accurate you are in estimating your expenses the better the plan will work for you.

### Common Eligible Expenses

- Prescription drugs
- Over-the-counter medicine
- Menstrual care products
- Copays and coinsurance
- Deductibles
- Office visits
- Dental work
- Orthodontia
- Glasses
- Contacts
- Chiropractic
- Massage

Expenses that are cosmetic in nature are not eligible. Click [here](#) for a full eligibility list.

## Dependent Care FSA

Child care or elder care can be one of the single largest expenses for a family with children and/or dependent elders to care for. A Dependent Care FSA (DCFSA) can be used to pay for your qualified dependent care expenses with pre-tax dollars which can save you up to \$1,700 per year!!

- The DCFSA limit is set by the IRS and is a calendar year limit of \$5,000 per household, \$2,500 if married and filing separately. If your plan year is not on a calendar year, take extra care in calculating your annual election.
- Expenses can be for your dependent children 12 and under, and in some cases elder care, and must be enabling you to work, actively look for work or be a full-time student.

### Common Eligible Expenses

- Child Care
- Preschool
- Before and after school care
- Day Camps
- Elder Care

Expenses for school tuition and overnight camps are not eligible.

## Election and Claim Filing Period

Open Enrollment period is a great time to look at your benefits and estimate your out-of-pocket healthcare expenses. Be sure to only elect an amount that you know you will use during your plan year. At the end of the plan year you will have a claim filing period to turn in any leftover claims for your benefits. Unused Health Care FSA balances up to \$570.00 will be carried over to the subsequent plan year. Any Health Care FSA funds in excess of \$570.00 is subject to a Use-or-Lose rule and cannot be refunded to you (forfeited).

## Carryover

Your plan offers a carryover feature for your health FSA. This feature allows you to roll over up to \$570.00 of unused health FSA funds to the following plan year. The carryover feature does not apply to unused dependent FSA funds. Carryover amounts will be credited after your claim filing period following the end of your plan year.

## Navia Benefits Card

Rather than filing a claim and waiting for reimbursement, you can use the Navia debit card to pay providers directly for qualified health care and dependent care expenses. The card is accepted at participating merchants using the Inventory Information Approval System (IIAS) and at medical care or dependent care merchants using the Master-Card® system. Note, independent at-home dependent care providers may not use a merchant system like this, so you cannot use your Navia debit card for them. Be sure to hang on to your itemized receipts and statements in case we need to see them to verify the expense eligibility. If we need to see a receipt, you will notice an alert on your mobile app and we will send you an email reminder.
