

Fees and Charges Report

Date: February 27, 2023
To: City Council
Through: Candace Cannistraro, Deputy City Manager
From: Andrea Moore, Director, Parks, Recreation and Community Facilities
Subject: Parks, Recreation and Community Facilities Department Fees and Charges – Citywide

Purpose and Recommendation

The purpose of this report is to submit for review and consideration recommended changes to fees and charges for certain services provided by the Parks, Recreation and Community Facilities (PRCF) Department.

The PRCF Department and the Parks and Recreation Advisory Board request City Council's approval of changes for the recommended FY 2022/2023 Schedule of Fees and Charges, as summarized in this report and detailed in the attached document. If approved by City Council, the Fees and Charges will be effective as of April 1, 2023, as is the historical practice of fee implementation for the PRCF Department to coincide with summer program registration.

Background

The PRCF department offers diversified programs and services at facilities that include parks, recreation centers, swimming pools, sports fields, a golf course, stadiums, convention center, amphitheatre, and cemetery. The department relies on its ability to generate revenues via fees and charges to provide these services and maintain its facilities. Fees and charges are continually monitored in order to adapt to program costs and current market and economic conditions and are adjusted accordingly within the ranges approved by Council and published in the Fees and Charges Schedules.

Discussion

This September, PRCF staff contacted neighboring municipalities to gather data to compile a market comparison survey of fees and charges for similar program and service offerings. The department reviews and considers changes to the fee schedule based on participant capacity, market demands, and fee structures of other cities prior to presenting the recommended changes to the Parks and Recreation Advisory Board.

The recommended fees as outlined in this report were approved by the Parks and Recreation Advisory Board on November 9, 2022, and were reviewed and approved by the Audit, Finance & Enterprise Committee on December 1, 2022 to move forward for City Council approval. Changes are focused on fee structure simplification, terminology/verbiage changes, and range adjustments in programs and services to allow for ongoing market flexibility and to aid in cost recovery.

The department is proposing ranges for program fees which will allow for maximizing capacity in programs while providing flexibility to adjust fees to achieve cost recovery and respond to changes in market conditions. Detailed below are the related programs with new or adjusted fee ranges as recommended for approval.

Commercial Facilities (Exhibit A):

The estimated fiscal impact is \$9,000.

Hohokam Stadium

Simplification and clarification for readability. Allow for negotiated agreements to meet customer requests and needs.

Dobson Ranch Golf Course

Adjust ranges to accommodate seasonal and market conditions.

Mesa Convention Center, Amphitheatre and The Post

Reorganize schedule to incorporate Mesa Convention Center, Amphitheatre and The Post fees for simplification, clarity and readability.

Establishment of new fees for services or areas that have been requested from various users and to aid in cost recovery.

Expand fee ranges and update units to allow for broader negotiating terms based on various factors such as time and day of the week, length of the event, number of events on site to assist in cost recovery.

Parks and Recreation (Exhibit B):

The estimated fiscal impact is \$38,680.

Aquatics

Establish new fee to provide private swimming lessons that would be secondary to group lessons and offered during low enrollment times and /or before or after group lesson hours.

Parks Miscellaneous

Expand ranges and update descriptions to incorporate all program areas for simplification, clarity and readability.

Reorganize schedule to include section for sand volleyball courts under Mesa Tennis and Pickleball Center for simplification, clarity, and readability.

Recreation Centers/Gymnasiums

Webster, Jefferson, Eagles and Red Mountain

Reorganize schedule and create new descriptions and fee ranges to consolidate and simplify all recreation centers and gymnasiums to create consistency among all facilities.

Expand ranges and update descriptions and units for use passes and facility rentals for consistency, simplification, clarity and readability.

Sports Complex Use

Update North Center Complex to official name of Lehi Sports Park.

Update fee descriptions to include addition of new and varied programming.

Expand range and update units to include new and varied programming.

Update fee descriptions for clarity, simplification and readability.

Mesa Tennis and Pickleball Center

Expand ranges, update units and descriptions for simplification, clarity, readability and to aid in cost recovery.

There has been discussion with the Parks and Recreation Advisory Board regarding the possibility of lowering summer camp fees. The Board ultimately voted in favor of the staff recommendation which does not include any changes to these fee ranges in the current schedule. Instead, the Board will assist staff with efforts to improve marketing the availability of fee assistance and scholarship programs.

Recommended changes continue to simplify the PRCF Fees and Charges Schedules. The schedules maintain current cost recovery goals for PRCF's diverse programming while also recognizing Parks and Recreation's role in the community to provide affordable, accessible programs and facilities to its citizens. Staff continues to reassess cost recovery strategies in all programs and also pursues opportunities for maximizing revenue generation through program partnership and sponsors.

Alternatives

1. Take no action. Maintain the fees and charges for services provided by the Department at current levels. No fiscal impact on current revenue projections based on the existing fee structure would result.
2. Recommend alternative adjustments to the proposed fees and charges. The fiscal impact of this decision would depend on the changes proposed.

Fiscal Impact

There is an anticipated fiscal impact of \$47,680 with the adjustments outlined in this report.

Coordinated With

The recommended fees and charges were coordinated with the Parks and Recreation Advisory Board and the Office of Management and Budget.
