insurance coverage is required on projects that are typically outside the public rights-ofway whereby the City is constructing or modifying a public building. The City may, at the City's sole option, purchase and maintain, in a company or companies lawfully authorized to do business in the jurisdiction in which the Project is located, property insurance written on a builders risk "all-risk" or equivalent policy form in the amount of the initial Contract Price, plus value of subsequent contract modifications and cost of materials supplied or installed by others, comprising total value for the entire Project at the site on a replacement cost basis. This insurance shall include interests of the City, Contractor and its subcontractors in the Project, and shall include, without limitation, insurance against the perils of fire and physical loss or damage including, without duplication of coverage, theft, vandalism, malicious mischief, collapse, earthquake, flood, windstorm, falsework, testing and startup, temporary buildings and debris removal, including demolition occasioned by enforcement of any applicable legal requirements. City shall bear the responsibility for the deductible for such coverage when a loss affects the Work, provided, however, to the extent such loss is attributable to the negligent or wrongful acts or omissions of Contractor or someone for whom Contractor is responsible, Contractor shall bear the responsibility of the deductible. Such property insurance will not cover any tools or equipment owned or rented by Contractor that will not be incorporated into the Project, including trailers, excavators, scaffoldings, or forms. Contractor is responsible for providing insurance coverage for such items.

Owners and Contractors Liability Policy: Prior to the execution of the Contract the Contractor shall provide a separate policy of insurance in the amount of \$2,000,000, per occurrence, at its sole cost and expense, naming the City of Mesa, a Municipal Corporation and all its agents, representatives, officers, directors, officials and employees as the insured. The Policy shall be primary and not contributory to any insurance maintained by the City of Mesa and shall remain in effect through date of Final Acceptance.

9. Other Requirements:

- A. All policies must be written by insurance companies whose rating, in the most recent AM Best's Rating Guide, is not less than A-. All coverage forms must be acceptable to City.
- B. ACORD® Certificate of Liability Insurance form with the required endorsements evidencing the required coverages must be PROVIDED to the City prior to commencement of any Work. Failure of City to demand such certificate or other evidence of full compliance with these insurance requirements or failure of City to identify a deficiency from evidence that is provided shall not be construed as a waiver of Contractor's/Design Professional's obligation to maintain such insurance. City shall have the right, but not the obligation, to prohibit Contractor/Design Professional or any of its subcontractors from entering the Project site until such certificates or other evidence that insurance has been placed in complete compliance with these requirements is received and approved by City.
- C. The policies shall provide waivers of subrogation by endorsement or otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay for the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged. The following policies shall include Waiver of Subrogation endorsements:

- G. In the event that rental of equipment is undertaken by Contractor/Design Professional or any Subcontractor to complete and/or perform the Work, Contractor/Design Professional agrees that it shall be solely responsible for such rental equipment. Such responsibility shall include, but not be limited to protection against theft, fire, vandalism and use by unauthorized persons.
- H. In the event that materials or any other type of personal property ("personal property") is acquired for the Project or delivered to the Project site, Contractor/Design Professional agrees that it shall be solely responsible for such property until it becomes a fixture on the Project, or otherwise is installed and incorporated as a final part of the Project. Such responsibility shall include, but not be limited to protection against theft, fire, vandalism and use by unauthorized persons.
