*Designates precincts split between City Council Districts.

Because of limitations in Maricopa County's current tabulation system, the County could not identify the precinct votes (by District) in these split precincts. Therefore, the votes noted in the split precincts in this summary report, were determined by calculating the percentage of voter registration in each District. That percentage was then applied to the total votes (both For/Against and Yes/No) for each issue to determine the number of votes to be attributed to each precinct.
